15th FIAP World Cup for Clubs 2020

I had the honor and pleasure of organizing for the third time the FIAP World Cup for Clubs. Given the international health situation, due to the evolution of Covid-19, the judging of the 15th World Cup for Clubs 2020 was done online, from December 11th to 13th, in order to safeguard the health of our judges.

The judges were Csaba Balasi MFIAP, EFIAP/g, ESFIAP (FIAP Liaison Officer Romania), Sergey Buslenko MFIAP, EFIAP/g, ESFIAP (FIAP Liaison Officer Ukraine) and Bronwen Casey EFIAP/s (FIAP Liaison Officer Australia). Their job as judges was accomplished with great professionalism and seriousness. I take the opportunity, in this foreword, to publicly thank them for their very important and fundamental contribution to the success of the 2020 FIAP World Cup for Clubs.

This year's edition was again a great success in terms of participation and was without precedent, in fact there were 213 participating clubs from 51 countries with 4242 works, a number even higher than last year. I was particularly happy with this level of participation, these are record numbers in the history of the FIAP World Cup for Clubs compared to the previous 14 years, from 2006 to 2019, both in the number of participating clubs and the number of participating countries. It confirms the trend of a continued increase in participation each year. I am particularly pleased with this outcome given it occurred in a very difficult period, during which the Covid-19 pandemic made it very difficult, sometimes even impossible, to travel, leaving photographers with fewer new photos available to submit to photographic competitions.

The winner of the World Cup, in the 15th FIAP World Cup 2020, was Eurasia (Russian Federation) and the Winner of the Maurice Dorikens Trophy, for having achieved the best results in the past 5 consecutive FIAP World Cups (from 2016-2020), was the Rolls Royce Derby Photographic Society (United Kingdom).

As happened last year, in the 14th FIAP World Cup for Clubs, a club from outside Europe, and specifically from Taiwan, again achieved a Top 10 ranking in the 15th World Cup competition. In the same way, two of the winning photographers of the individual awards also belong to clubs located outside of Europe, these being from Bangladesh and Singapore. This demonstrates that this event is becoming better known and appreciated around the world.

On the other hand, it is disappointing that the number of ILFIAP clubs participating in the FIAP World Cup for Clubs is still quite low, an odd fact given that participation is completely free for ILFIAP Clubs who have paid their annual membership fee. I believe it is important to advertise this event even more, especially among the ILFIAP Clubs, in order to increase the number of participants and best represent all the countries of the world.

I take the opportunity in this foreword to congratulate all the photo clubs and participating authors, especially those who won awards. Their contributions are a beautiful representation of the photographic talent from the many countries who took part in this important photo contest.

I am also particularly thankful to all members of FIAP Directory Board and to FIAP President, Riccardo Busi, who continue to place their trust in me to manage this important event. I hope I lived up to their expectations in the completion of this job. I will certainly be working to make this event better known and appreciated in the world each year.

Last but not least, I would like to thank the new FIAP World Cup for Clubs Assistant, Fausto Meini, for the precious help he has started to give me in organizing this important event.

Michele Macinai, EFIAP/S
