FIAP Preface

It is a great privilege for me to present for the first time the catalogue of the FIAP Youth Biennial.

As in all branches of the arts, photography also needs new eyes with new visions to continue the evolution of this tradition. That is why this Biennial is so important. New young eyes from different parts of our world meet in this great international event. It is necessary at this point to especially thank the young participants as well as all those responsible in each country who encourage and motivate young people in the art of photography. Without their hard work this Biennial would not be successful.

My thanks also to the organisers of this 41st FIAP Biennial for Young People for their commitment and professionalism. To the members of the jury for having analysed each photograph conscientiously and with great dedication in order to be able to decide the winners among so many images of great artistic level.

My congratulations to all the winners and especially to Germany who won the World Cup in both categories. Also to those federations that have participated for the first time in a FIAP Youth Biennial with the pictures of their promising young artists.

Let's hope to add new participants in the next editions!

Luis Franke
MFIAP, EFIAP/d3, HonEFIAP
Director of the FIAP Biennials Service

C'est un grand privilège pour moi de présenter pour la première fois le catalogue de la Biennale Jeunesse de la FIAP.

Comme dans toutes les branches des arts, la photographie a également besoin de nouveaux yeux avec de nouvelles visions pour perpétuer l'évolution de cette tradition. C'est pourquoi cette biennale est si importante. De nouveaux jeunes yeux venus de différentes parties du monde se rencontrent à l'occasion de ce grand événement international. Il faut ici remercier tout particulièrement les jeunes participants ainsi que tous les responsables qui, dans chaque pays, encouragent et motivent les jeunes dans l'art de la photographie. Sans leur travail intensif, cette biennale n'aurait pas été couronnée de succès.

Je remercie également les organisateurs de cette 41ème Biennale Jeunesse de la FIAP pour leur engagement et leur professionnalisme. Aux membres du jury pour avoir analysé chaque photographie consciencieusement et avec un grand dévouement afin de pouvoir décider des gagnants parmi tant d'images d'un grand niveau artistique.

Mes félicitations à tous les lauréats et en particulier à l'Allemagne qui a remporté la Coupe du monde dans les deux catégories. Je remercie également les fédérations qui ont participé pour la première fois à une Biennale Jeunesse de la FIAP avec les images de leurs jeunes artistes prometteurs.

Espérons ajouter de nouveaux participants lors des prochaines éditions!

NSFF Preface

Dear photo friends all over the world,

On behalf of the Norwegian Society of Photography – NSFF, as host, and Bekkalokket Photo Club, as organizers for the 41st FIAP Youth Biennial 2023, we hope you will enjoy this catalog. Throughout the 96-year history, NSFF has previously organized four FIAP Biennials, but only one of them was a youth biennial.

Engaging young people in organized photography environments is not easy. It seems to be a challenge that both clubs and national associations struggle with. This year, we saw a decrease in the number of participating countries. In category 1, 14 countries participated, and in category 2, 17 countries participated. But we hope this catalog can inspire young people to form their own club environment, because it is not easy to get young people to fit into a club, which has an average age of 50+.

The images that appear on social media often become fleeting, while images that are exhibited or appear in a catalog will hopefully have a longer lifespan.

This year, all photos from the teams that won the FIAP World Cup and the individually awarded photos will be printed and framed. The pictures will first be exhibited in Bergen and later in the year, they will be exhibited in Bryne.

I would like to thank the jury and the committee, and not least, everyone who has contributed images for this year's youth biennial. Your contributions have made it a success.

Roald Synnevåg
MFIAP EFIAP/d3 EsFIAP
President of the 41st FIAP Youth Biennial 2023

Chers amis photographes du monde entier,

Au nom de la Société Norvégienne de Photographie - NSFF, en tant qu'hôte, et du Bekkalokket Photo Club, en tant qu'organisateur de la 41^e Biennale Jeunesse FIAP 2023, nous espérons sincèrement que vous apprécierez ce catalogue. Tout au long de ses 96 années d'histoire, la NSFF a organisé précédemment quatre Biennales FIAP, dont une seule était dédiée à la jeunesse.

L'implication des jeunes dans des environnements de photographie organisés s'est avérée être un défi. Il semble que les clubs et les associations nationales luttent tous deux avec cette problématique. Cette année, nous avons constaté une baisse du nombre de pays participants. Dans la Catégorie 1, 14 pays ont participé, tandis que dans la Catégorie 2, 17 pays. Cependant, nous espérons que ce catalogue pourra inspirer les jeunes à créer leurs propres clubs de photographie, car il n'est pas facile d'intégrer les jeunes dans des clubs dont l'âge moyen est de 50 ans et plus.

Les images partagées sur les réseaux sociaux ont souvent une présence éphémère, tandis que celles exposées ou présentées dans un catalogue peuvent potentiellement avoir une durée de vie plus longue. Cette année, toutes les photos des équipes ayant remporté la Coupe du Monde FIAP, ainsi que les photos individuellement primées, seront imprimées et encadrées. Initialement, les images seront exposées à Bergen, puis au cours de l'année, elles seront également présentées à Bryne.

Je tiens à remercier le jury et le comité, et enfin tous ceux qui ont contribué leurs images à la biennale jeunesse de cette année. Vos précieuses contributions ont joué un rôle essentiel dans son succès.
