37th FIAP CONGRESS

Rio de Janeiro, Brazil
August 1–8, 2026

A photographic and cultural journey through Brazil

Mario Howat

Rio de Janeiro — An Invitation to See

In August 2026, Rio de Janeiro awaits you with open light, a generous horizon, and stories asking to be seen. From August 1 to 8, photographers from around the world will gather in Brazil for the FIAP Congress – Fédération Internationale de l'Art Photographique, hosted by the Brazilian Confederation of Photography, with the Hotel Villa Galé Rio de Janeiro as its home.

This is not just a congress.

It is a pause in time — to observe, to walk, to listen, and to photograph.

Throughout the week, alongside FIAP plenary sessions, Rio de Janeiro and the city of Niterói become a living photographic territory. Each visit has been carefully conceived as an encounter between photographers and the essence of Brazil — not as a performance, but as experience. Music drifting through the streets, the rhythm of samba, the improvised gestures of football, the movement of gafieira dance halls, the pulse of Carnival, the presence of the sea and the beaches. Everything unfolds naturally, without rehearsal, in front of the lens.

To photograph Rio is to engage with vivid contrasts: nature spilling into the city, the city pulsing through human layers, silence giving way to celebration. It is about waiting for the right light, the precise moment, the exchanged glance. Here, photography goes beyond technique — it becomes relationship.

During this week, you are invited to look beyond the postcard. To walk through communities, to observe everyday life, to approach stories with respect, and to photograph Brazil through presence, listening, and connection. The scenarios are not meant to direct your gaze, but to expand it.

In 2026, Rio de Janeiro becomes, symbolically, the **Capital of Photography**. A place where cultures cross paths, languages blend, and images are born from a universal gesture: looking at the world with attention.

Bring your camera.

Bring your time.

Rio will take care of the light.

About the FIAP Congress and Participant Selection

The **FIAP Congress** is an **official institutional event of FIAP**, distinct from FIAP Photomeetings or other photographic gatherings.

While Photomeetings are primarily focused on photographic activities and cultural exchange, the **FIAP Congress brings together official delegates** to participate in **General Assemblies and decision-making processes**, including matters subject to **voting rights** within the Federation.

Due to the **institutional nature of the Congress** and **venue capacity limitations**, participation in the **37th FIAP Congress in Rio de Janeiro** is limited to **150 participants**.

In order to ensure **balanced international representation** and equitable participation among FIAP member countries and operational members, **FIAP has established a two-step registration process**:

- 1. Pre-registration phase**

Interested participants are invited to submit a pre-registration request.

- 2. Selection and confirmation phase**

FIAP will review all pre-registrations and confirm participation, with the objective of maintaining a fair distribution of delegates and participants across countries and FIAP member entities.

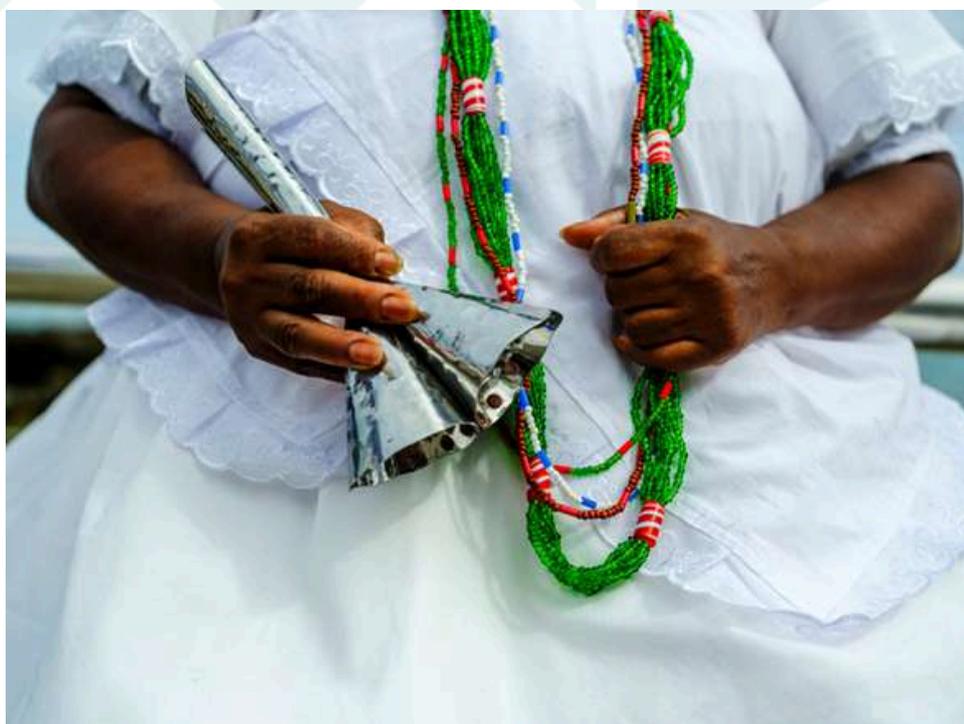

Final confirmation of participants will be communicated directly by FIAP at a later stage.

This selection process reflects **FIAP's institutional responsibility** to preserve diversity, representativeness, and effective governance within the Congress.

FIAP Congress 2026 — Pre-Registration

To express your interest in participating, we kindly ask you to complete the pre-registration form using the QR code or the link below.

LOCATED IN THE HISTORIC CENTER OF RIO DE JANEIRO

The Vila Galé Rio de Janeiro hotel, which opened in December 2014, is set in the historic center of the so-called “wonderful city”, in the famous Bairro da Lapa quarter, with its bohemian ambiance and being the stop for the carioca artists and musicians.

With 292 accommodation units, this hotel in Rio de Janeiro is divided into two wings: the Collection Wing, a building resulting from the restoration of an old 19th century palace, which houses the suites that preserve the palatial charm; and the Lapa Towers Wing, a 13-storey tower that houses the accommodation units with a more modern style.

With a decor inspired by Samba, Bossa Nova and the Portuguese-Brazilian culture, the Vila Galé Rio de Janeiro has a “Versátil” restaurant, with a cuisine inspired by national and international dishes, besides offering the “Massa Fina” menu every Saturday night. It also features two bars – one by the pool and a more emblematic one, featuring vintage decorative pieces, dedicated to Vinicius de Moraes, in a tribute to the Brazilian singer.

In this hotel in Rio de Janeiro, make sure you also enjoy the outdoor pool, which invites you to relax while sipping a refreshing drink, or the Satsanga spa, which features a gym, massage room and hydromassage.

Internet access is free of charge throughout the entire Vila Galé Rio de Janeiro hotel, which also offers a convention center with eight halls, in a building that was designed to host all kinds of events.

In order to enjoy the atmosphere of Lapa and its main attraction points, take a walk up to Arcos da Lapa (with the tram to Santa Teresa) and to the Escadaria Selarón steps. Nearby, be sure not to miss the São Sebastião Cathedral, the Municipal Theater (Teatro Municipal), the Museum of Image and Sound (Museu da Imagem e do Som), the Nossa Senhora do Carmo da Lapa Church or the Cecilia Meireles Theater, as well as the Rio Antigo antique fair, on Rua do Lavradio street.

When the evening comes, do not miss the famous and bustling bars “Rio Scenarium” and “Carioca de Gema”.

This hotel’s location in Rio de Janeiro, also very close to the city’s financial center, allows for easy access to Santos Dumont Airport, Maracanã Stadium and the Sambadrome.
